**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments filed 6/13/02 have been fully considered but they are not persuasive.

Due to the fact that the restriction requirement was made final. The applicant needs to submit a petition to the Supervisory Patent Examiner of record in order to consider if the restriction requirements are proper or not. Therefore, the amended non-elected claims are not considered by the examiner. Regarding the allowability of the claims, it has been noted by the examiner that the proposed amendment submitted in the interview contains different subject matter.

***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Art Unit: 3661

3. Claims 1, 11 and 21 are rejected under 35 U.S.C. 102(e) as being anticipated by Dominike et al (6,154,688).

As per claims 1, 11 and 21, Dominike discloses:

- integrating the diversified pieces of information (column 2, lines 43-51);
- providing each of the integrated pieces of information with a priority order indicating an importance of each piece of information (figures 2-6) and
- when one or more pieces of information are processed in the vehicle, allocating one or more appropriate resources selected from a plurality of diversified resources to the integrated pieces of information according to the priority order given to the integrated pieces of information (column 2, lines 52-67).

#### ***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. **Art Unit: 3661**
